

ABD Total Solution

The new way for venture-backed technology and life science companies to secure competitive and broad insurance coverage in a fraction of the time.

Emerging companies like yours exist to disrupt industries and revolutionize the world. This takes time - obtaining insurance should not.

Expert Risk Consulting, focused on technology and life science companies.

Unmatched experience, having served thousands of venture-backed clients.

Global reach in over 500 offices, in 100 countries on 6 continents.

Obtaining insurance has never been easier.

Our firm is recognized as the industry leader in providing insurance and risk management solutions to VC-backed technology and life science companies. We understand companies like yours, guide you as you scale, advocate for you, and help you understand the unique risks inherent in your business. This is what we do today. This is what we have always done. Advising companies like yours is in our DNA.

Leading insurtech companies tout a streamlined process with competitive premiums, but they are often sorely lacking in expertise and advocacy. ABD Total Solution offers the best of both worlds.

ABD's proprietary product analyzes your risk profile – tailoring coverage appropriate for your business needs. Quality and comprehensive – bespoke and scalable – custom matched specifically for you through the world's underwriting leaders for technology and life science companies.

ABD Total Solution addresses key growth concerns including product liability, international, D&O, EPL, and E&O/Cyber in one suite, with exceptional carrier and claims support.

ABD Total Solution protects your business while you focus on growing and realizing your dreams.

Insurance made simple.

Intuitive process captures information needed to guide you through the application and coverage options.

Targeted application is quick, straightforward, and easy to understand - no insurance knowledge necessary to identify your unique risks.
